HOMESTEADERS TO HAVE MORE TIME TO PROVE CLAIMS

HILO, Nov. 22.—In a conference of Homesteaders last Wednesday the homesteaders' claims rights were waived by the supreme court, except that it comes not with Attorney Harry Irwin, representing the Territorial government and outlined plans whereby they may continue residence on the homestead tract for periods of four to eight months longer, culturing the crops themselves, and retaining title thereto at the end of the period allotted.

It is part of the active fulfillment of the promise made Secretary of the Interior Fisher by Governor Brewster that the homesteaders against whom the supreme court ruled in the now-famous Heberlein case, should be given an additional time to prove up in good faith on the lands they had taken for homesteading purposes.

Virtually all this land is under cultivation at present by the Hilo Sugar Plantation. Attorney Irwin, appointed by the government to arbitrate a long-standing proposition satisfactory to the homesteaders, has prepared a plan whereby the cases are to be divided into two classes. In one class the settlers who reside on their lands for two years required by statute and who are still living on them, are placed and given a period of four months more in which they shall live in their own home and take care of the entire plantation; the other class are those settlers who died in their home the inventory was made away from and have now settled on them. These are to return and live on and cultivate their tract for a period of eight months, and make such improvements and alterations as will signify an intention of keeping the land their home site, permanent homes.

For still other class, those who have moved away and are unable to return, the plan outlined by the Governor is accepted as satisfactory—they to have permission to sell their right to the land to get back what they have put into it, thus made possible to others purchases of such tracts. The adventure of the length of time the original settler resided on it. In other words, if the original homesteader lived away on the tract, the new purchaser shall be required to live on it only a year before making up and securing title. This will make the homestead attractive and successful, enabling the original settler himself, right, getting a return for his time and labor put in on the land.

MAUI NOTES

WAHLUKA, Maui, Nov. 23.—The new Hamakuaipo station of the Kalapana Railroad is finished. It is about the same size as the other stations on the railroad, and is painted green with white trimmings. It is located just below the turn into the village of Hamakuaipo on the way up from lower Pala. J. Peterson, formerly with the Hamakuaipo Store, will be the new station master and postmaster also. It is expected that regular trains will be running in a few weeks now.

The choir of the Makawao and Wailuku Union Churches unite for a special Thanksgiving service to be held this coming Sunday.

The bowling alleys of the Wailuku Gymnasium have been scraped this past week and refinished, so that they present a very handsome appearance. The gym members expect to get a lot of bowling this winter, and are anxious to try their hand once more.

Some fifty new members have this past week joined the Maui Library Association. These are from Makawao, Pala and Lahaina. In the latter place a circle has just been formed. Twenty-five new books have just been ordered for the library and another order of about the same number will be placed in a day or two.

Mrs. C. C. Gosain, who has been the librarian for one year now, has been granted by the administration committee of the library six months' leave of absence. She will depart from Maui on the December Honolulan for San Francisco. Mrs. Louise Chisholm Jones will take the Library during Mrs. Gosain's absence. Mrs. Jones begins her work on the first of December.

About twenty-five ministers and

workers of the Central Maui Evangelical Church met at the Kahuwana off the earth. Thank Providence, my program of the day was a lecture by my daughter who went to the wind, Rev. Henry P. Judt on the Life of Christ, sermon outline plans by Rev. C. G. Burnham, an exegesis study of Genesis 1-11 by Rev. A. Craig Brown, and an introductory study of the up-coming Sabbath. We are soon to see how that has turned out.

William Clarke, manager of the Wailuku Ranch and Superintendent of Cameron of the Fred Baldwin Memorial Home are spending the week at the crater of Haleakala.

W. Leslie West, bookkeeper of the Wailuku Sugar Company, has been confined to his home several days this week because of sickness.

THE DR. WAS IN A CYCLONE

Dr. R. N. Alsworth, the physician of Puna, Mississippi, writes interesting details about the cyclone that devastated the state yesterday.

He quotes: "I suppose you saw a notice in the papers that we had a cyclone on the 24th of local origin. Ask for particulars."

"In haste,

R. N. ALSWORTH, M. D.

How can people who have kidney trouble expect to get well on the old fashioned diet? I see the advertisements show that eighty-two out of every hundred of them—panned out from a hundred of the doctors that were consulted up to the date that Fulton worked out his Remedy?

Isn't there room here for Fulton to live for his man who left his bed to visit him?—and suppose he was a Dr. Dinsmore—but the rest of us don't know where he is.

Homolulu Drug Co., Fort street, is

MISSIONARY WORK IN INDIA SCUDDER'S THEME

Rev. E. C. Scudder, who is a guest of Dr. Davyden Bowditch, gave an interesting address at Crystal United Church Sunday morning and spoke upon the subject "Glimmerings of the Dawn in India." Taking as his text "Watchman, What is the Night? The Morning Cometh." Mr. Bowditch, who has spent years in India engaged in missionary work, told the history of the coming of religion into that country, and what has been done in evangelizing, missions and missions, work in part, as follows:

If you would ask me "What is the Night?" I would answer, "The Non-Christians." For I see the difference in days, and life in the night. We must surely be in the dark, for the missionaries are to do their work, that is done by the sun and the light of the world. Temperance and temperance at the dawn of the morning, and the darkness of the night.

The Non-Christians, however, are the ones who are the darkest, the ones who are the most ignorant and the most unloved.

The India Christian has developed wonderfully in the last few years.

Malthoid Roofing

We want builders to see us about roofing.
We want to demonstrate why it is to your advantage to roof your building with Malthoid Roofing—and we will do this to your complete satisfaction.

We will show you beyond any question that Malthoid is the very highest type of roofing perfection and made so well that it will last as long as the building it covers.

We will show you that Malthoid is a better roofing than shingles—is more satisfactory than iron—is cheaper than tin—in fact, we can prove that there is no other roofing known to the building trades that is as good—as durable—as long lasting—as water proof—as fire resisting and as cheap as Malthoid Roofing.

It has got every other brand of ready roofing marking time while it is progressing—there is more of it sold on the Pacific Coast than all other brands combined and it speaks well for the intelligence of builders that this is so.

The makers of Malthoid Roofing know their business for they have been at it for twenty-six years and they not only make this roofing to sell but they make it to last and to please the people who buy it.

They would rather have the good will of the builder than his money—and they get both by the way they make Malthoid Roofing.

If you have roof troubles of any kind or of any description—no matter what kind of a roof you have on your building, see us at once and we will help you out of your difficulty.
